OLGA MASENG

JUNIOR SOFTWARE DEVELOPER

About Me

I recently graduated from CodeSpace Academy with a degree in Software Engineering, demonstrating my commitment to technology and showcasing a versatile skill set. My academic background includes qualifications in End User Computing, Technical Support, and Systems Support, providing me with a strong foundation in IT to tackle diverse digital challenges. I am enthusiastic about achieving proficiency in HTML, CSS, and React, actively working to enhance my programming skills. This graduation marks a significant milestone in my journey to stay at the forefront of technology, enabling me to deliver innovative solutions in the field of software engineering.
